“Reliable & Durable” is the engine of Casio’s business innovation and continuous growth.

History of CASIO Calculators

Originality & Innovation

From the dawn of the calculator industry until today, CASIO has led the way by continuing to sell world-first new products that incorporate new technologies, astonishing the world, and creating markets.

**Icon Menu**

The icon menu makes it easy to select desired features.

**Intuitive Operation**

Intuitive and interactive operation makes it easy to use the features of CASIO scientific calculators.

**Display and Textbook-Linked Key Buttons**

Natural Textbook Display and textbook-linked key buttons make it easy to identify the desired keys.

SCHOOL & LAB.

These calculators are for users who require scientific calculation for use in schools, laboratories, or factories. Some models are equipped with financial and programming functions.

Casio advocates the philosophy "Support Classroom with Technology"
Casio supports teachers and students with a total education solution.

Support Classroom with Technology

Educational Information (WEW)**Worldwide Education Website**

Website that provides information on products, educational resources, and support

Educational Information (WES)**Worldwide Education Service**

Web service that uses QR Codes

**Education Tools****Software / App**

Effective workshop and activities preparation

**Science and Technology Education****Educational Resources**

Data-logger can be used with graphing calculators and is effective for both mathematics education and science and technology education.

Support materials for teachers and students, including instructions in the effective use of scientific calculators for educational purposes

CLASSWIZ MODELS –Non-programmable–

CLASSWIZ A New Classroom Standard Created from High-resolution LCD Technology

High-resolution LCD drives further evolution!

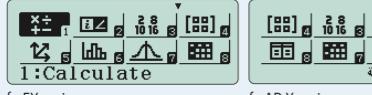

Higher resolution increases the amount of information that can be displayed and improves usability. In addition, CLASSWIZ is equipped with a basic spreadsheet function for creating spreadsheets with up to 5 columns and 45 rows (maximum of 170 data items).

* Spreadsheet function is available only in the fx-570EX, fx-991EX, fx-570AR X, and fx-991AR X

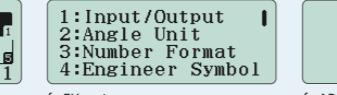

Interface functions ideal for education

Icon display

fx-EX series

English display

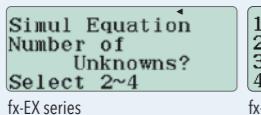

fx-EX series

Arabic and English display

fx-EX series

List display

fx-EX series

Key notation

fx-EX series and fx-AR X series

High performance effective for education

High-resolution display

63 x 192-dot display. Clear display of equations and messages

High-speed calculation

Fast calculation for smooth performance in class or during examinations

Memory capacity

Capacity to process 160 statistical data items

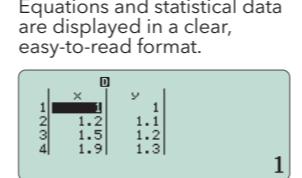

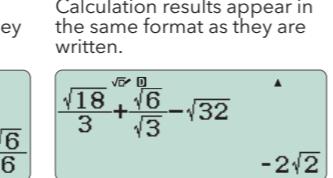

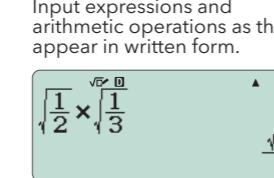

High-performance functions

- Use of spreadsheets
- 4 x 4 matrix calculation

Natural Textbook Display

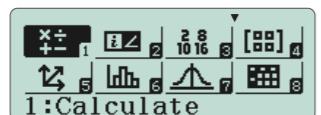

Input and display fractions, powers, logarithms, roots, and other mathematical formulas and symbols just as they appear in textbooks.

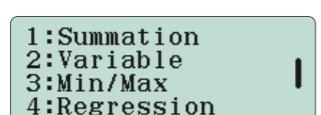

Intuitive, easy-to-learn icon display

The use of icons on the menu screen improves viewability. Selection of the desired function is quick and easy.

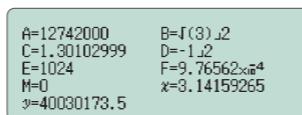

Easy-to-understand English messages and interactive format

Nearly all English words are displayed on the screen in unabbreviated form. Interactive menu display realizes more intuitive operation.

List display function for thorough, speedy learning

Variables and statistical calculation results stored in memory can be displayed in lists. There's no need to recall and confirm individual values as with previous models.

High computational competence for performing even advanced mathematics

fx-991EX fx-570EX fx-991AR X fx-570AR X fx-95AR X

CLASSWIZ contains calculation functions that support even advanced mathematical operations, including spreadsheet calculations, 4 x 4 matrix calculations, calculation of simultaneous equations with four unknowns and quartic equations, and advanced statistical distribution calculations.

- fx-95AR X equipped with simultaneous equations with 4 unknowns and quartic equations only
- Advanced statistical distribution calculations (fx-991EX, fx-570EX only)

* Functions for which specific models are not indicated are available in all models.

Online Visualization Service Using QR Code

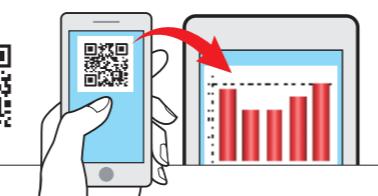

Generate QR Codes of equations input into the calculator by a simple operation. Graphs and other graphics can be displayed on smartphone or tablet screens.

- Scientific constants
- Metric conversions

Design

Simple and easy to use

Simple design focusing on how the device is held, as well as how easy it is to read and use

Highly visible, easy-to-press cursor keys and function keys

Hard case that's attachable and detachable in any direction for greater ease of use

Quality

Excellent quality and Authenticity Check

CASIO has established three criteria to ensure excellent quality in the MS series.

1. Wear-resistant printing
2. Drop-resistant body
3. Environmentally friendly, RoHS compliant

Web Authenticity Check System
A product can be authenticated by scanning the QR Code and confirming it using the Web Authenticity Check System and examining the hologram.
* The example shown is a simulated QR Code.

Function

Packed with essential functions

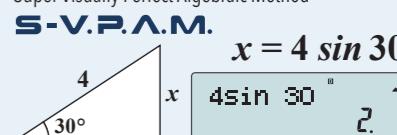

MS series calculators come with scientific calculation, statistical calculation, differential* and integration* functions.

* fx-991MS 2nd edition, fx-570MS 2nd edition, fx-100MS 2nd edition only

Exponent notation is the same as the notation in textbooks.

Super Visually Perfect Algebraic Method

Please visit the website for details. ► <https://edu.casio.com/products/standard/>

GRAPHING MODELS

Graphing calculators with an innovative color display and 3D Graph

Learning algorithmic thinking with Python*

The fx-CG50 comes built-in with Python, a programming language used in the development of Internet search engines, social media sites, robots, etc.

Python is attracting attention in the field of education as a learning tool that cultivates algorithmic thinking and has been adopted for use in textbooks.

* Python is a registered trademark of the Python Software Foundation.

Python mode supports a version of MicroPython Version 1.9.4, which has been adapted to run on this calculator. Please note that MicroPython is different from the Python that runs on a computer.

By Python

$$y = |x| \begin{cases} x \geq 0 \rightarrow |x| = x \\ x < 0 \rightarrow |x| = -x \end{cases}$$

```
x=2 → |x|=2
x=-2 → |x|=-(-2)=2
```

Answer

```
i>>>from equ3 import *
i>>x=0
i>>x=x
i>>print("y =",x)
```

Answer

```
i>>>from equ3 import *
i>>x=2
i>>x=x
i>>print("y =",x)
```

Input programs can be run on a PC.

Connect the fx-CG50 to a PC to run programs written on the calculator on the PC.

Colored text and command search capability support program input.

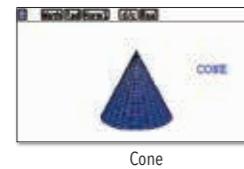

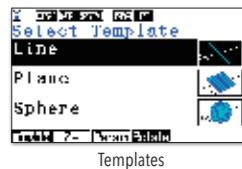

The high-visibility colored text promotes error-free, accurate program input.

Speed up input by using the catalog function to search for commands.

3D Graph increases learning comprehension.

Draw and display 3D graphs. 3D graphs can be drawn in various ways.

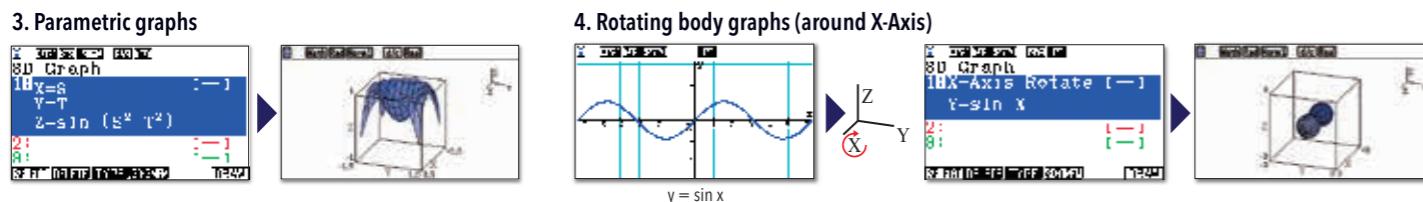

1. Using templates

2. Z= graph

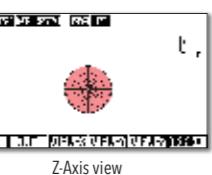

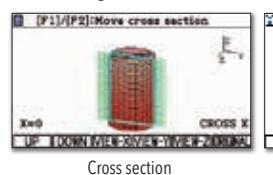

4. Rotating body graphs (around X-Axis)

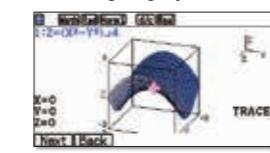

Explore 3D graphs mathematically. These functions are effective in exploring 3D Graphs geometrically.

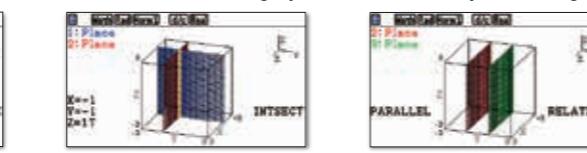

1. Viewing from various directions

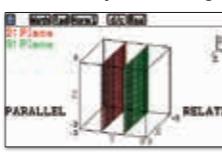

2. Tracing of graphs

3. Intersection between graphs

4. Relationship between graphs

Catalog Function

1. Select the desired command easily and quickly using the catalog function.
2. You can access an online manual via smartphone or tablet using a QR Code.

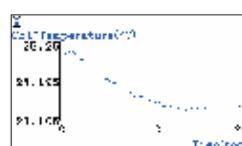

* QR Code is a registered trademark of DENSO WAVE INCORPORATED.

Examination Mode

This mode allows you to quickly prepare your calculator for exams. This mode restricts access to memory, programs, functions and applications, so that these features would not be available during exams.

E-CON4

This feature, with a simple user interface, is effective for collecting data for use in classroom science and technology lessons.

This feature has Auto-ID recognition, which enables automatic drawing of graphs of collected data with no complicated settings.

Please visit the website for details. ► <https://edu.casio.com/products/graphic/fxcg50/>

fx-CG50, 9860GII SD and 9860GII
are suitable for AP, SAT, SAT Subject,
PSAT, NMSQT, ACT & IB examinations.

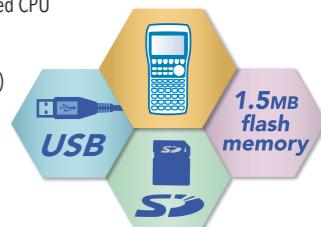

Graphing calculators with Natural Textbook Display and spreadsheet

Graphing models with Natural Textbook Display and backlit display

User-friendly Interface

- Large display (128 × 64 dots) • High-resolution LCD • High-speed CPU
- Rectangular coordinate graphing, Polar coordinate graphing
- Parametric function graphing, Inequality graphing
- Table and Graph • Dual graph (table and graph, graph and graph)
- Solve (root, minimum, maximum, intersection, integration)
- Dynamic graph • Conic section graph • Recursion graph
- eActivity • Geometry
- Statistical plot (scatter plot, xyLine, normal probability plot, histogram, box plot)
- Statistical regression graphs (linear, med-med, quadratic, cubic, quartic, logarithmic, exponential, power, sinusoidal, logistic regression)
- Advanced statistical calculations: tests, intervals, distributions
- Pie chart • Bar graph • Spreadsheet and statistical plot
- Numeric equation solver, Simultaneous equations, Polynomial equations
- Financial functions • Programming
- SD memory card slot (fx-9860GII SD only)
- Data communication • Out-of-the-box USB operations
- Direct connection to a projector
- User memory: 62,000 bytes, User storage memory: 1.5 M bytes

Backlight on

fx-9860GII SD
• SD memory card not included

fx-9860GII

Natural Textbook Display

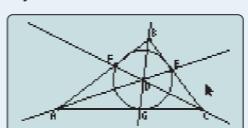

Natural Textbook Display makes it possible to display fractions, exponents, logarithms, powers, and square roots just as they are written in textbooks.

Pre-installed Software

Pre-installed add-in software comes installed on the calculator when you purchase it. This software can be deleted to free up memory.

Geometry

Geometry add-in software is designed to make learning geometry fun.

Examination Mode

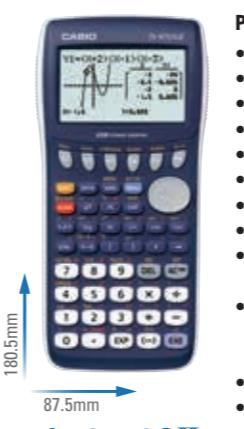

This mode enables a calculator to be quickly prepared for exams. It restricts access to memory, programs, functions, and applications so these features are not available during exams.

E-CON3 Application

This feature, with a simple user interface, is effective for collecting data for use in classroom science and technology lessons.

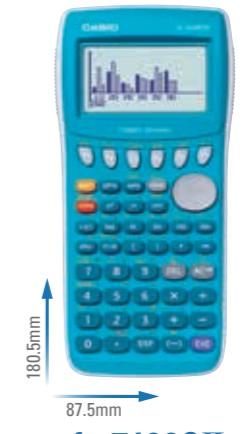

New features give you the tools to create outstanding classroom presentations!

POWER GRAPHING

- Dot matrix display (128 × 64 dots)
- High-resolution LCD • High-speed CPU
- Rectangular coordinate graphing, Polar coordinate graphing
- Parametric function graphing, Inequality graphing
- Table and Graph
- Dual graph (table and graph, graph and graph)
- Solve (root, minimum, maximum, intersection, integration)
- Dynamic graph • Conic section graph • Recursion graph
- Statistical plot (scatter plot, xyLine, normal probability plot, histogram, box plot)
- Statistical regression graphs (linear, med-med, quadratic, cubic, quartic, logarithmic, exponential, power, sinusoidal, logistic regression)
- Advanced statistical calculations: tests, intervals, distributions
- Pie chart • Bar graph
- Numeric equation solver, Simultaneous equations, Polynomial equations
- Financial functions • Programming • Data communication
- Direct connection to a projector
- User memory: 62,000 bytes • USB Port

POWER GRAPHING

- High-definition display (128×64 dots)
- Inequality Graphing • Polar Graph • X=Graph
- Graph Solve Function (Root, Intersection)
- Sketch (Tangent) • Bar Graph/Pie Chart
- Random Number Function • Quotient, Remainder
- String Functions • Unit Conversion
- Solve Calculations (EQUA mode) • GCD/LCM
- 12 Types of Regression • Complex Calculations
- Catalog Function • Polynomial Function (EQUA mode)
- Simultaneous Functions (EQUA mode)
- Base-n Calculation • Display Language Setting
- Data communication (requires optional 3-pin cable, FA-124USB for connecting with PC)

Main Functions

- Inequality Graphing • Polar Graph • Graph & Table
- Graph Solve Function • Pie Chart • Bar Graph

Please visit the website for details. ► <https://edu.casio.com/products/graphic/>

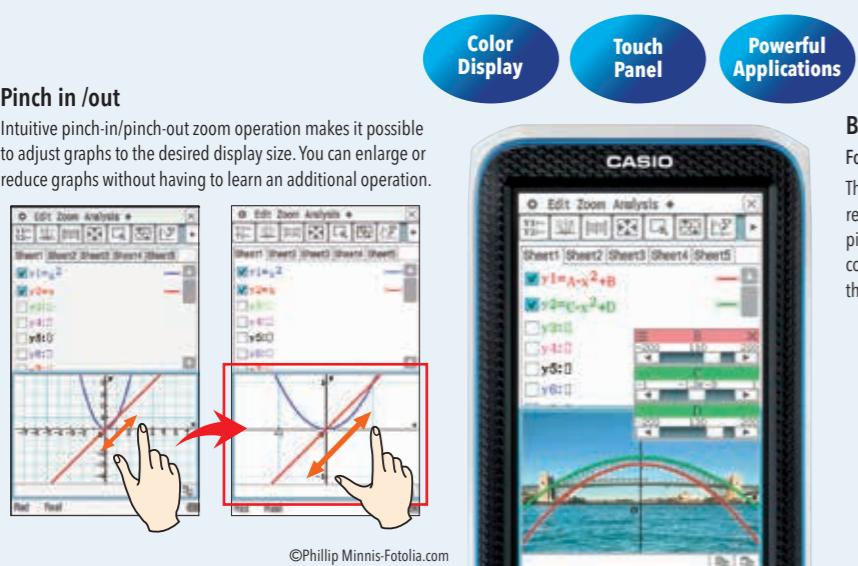

CAS GRAPHING MODELS

With CAS Graphing calculators you can use symbolic as well as numerical expressions.
CAS is Computer Algebra System.

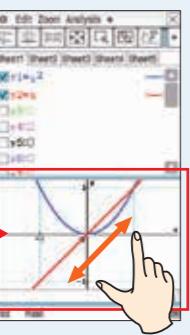

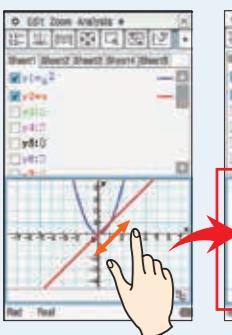

Vivid Color Display and Touch Panel for Superb Usability

A top-of-the-line model that effectively supports the learning of functions

Pinch in /out

Intuitive pinch-in/pinch-out zoom operation makes it possible to adjust graphs to the desired display size. You can enlarge or reduce graphs without having to learn an additional operation.

©Phillip Minnis-Fotolia.com

Color Display

Touch Panel

Powerful Applications

Beautiful 4.8-inch color display

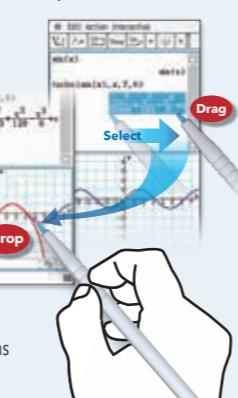

Formulas, graphs, and other graphics are sharp and clear.

The display has resolution of 528 x 320 pixels (more than 65,000 colors), 4.4 times higher than ClassPad 330 PLUS.

Pen-touch Operation

Quickly and easily create graphs using drag and drop.

ClassPad II fx-CP400

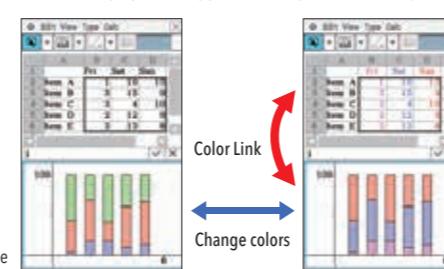

Supports horizontal screen view

Switch the display between an upright screen view and a horizontal screen view by simply touching an icon on the panel. Horizontal screen view is convenient for displaying a long formula on a single line and observing the characteristics of graphs of trigonometric and other functions.

Color Link

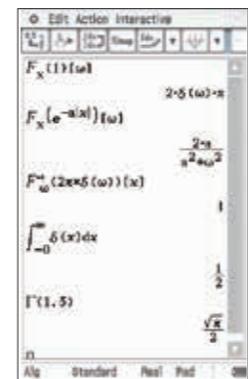

The fx-CP400 features the Color Link function, which automatically links colors specified on the spreadsheet screen with colors used in graphs to support learning of functions by enabling visual confirmation of changes in values or trends.

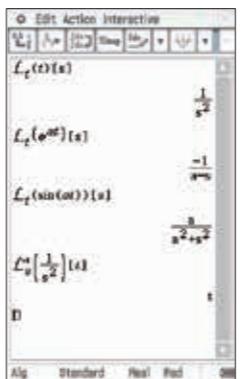

Use Color Link to link the color of text and graphs.

Computer Algebra System (CAS)

The CAS supports everything from Expand, Factor, Solve, and other basic commands to advanced commands like Fourier and Laplace transforms.

Fourier transforms

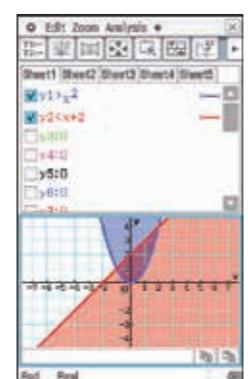

Laplace transforms

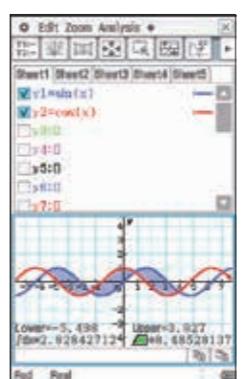

Graphing function

Display formulas and related graphs in the same color and highlight graph characteristics by displaying scale marks, grids, and coordinate values.

The vivid color display of the fx-CP400 improves the visibility of graphs and formulas.

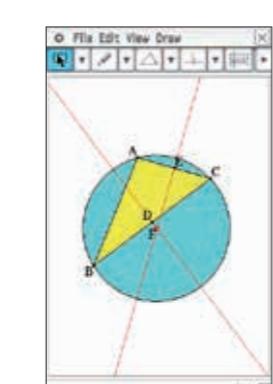

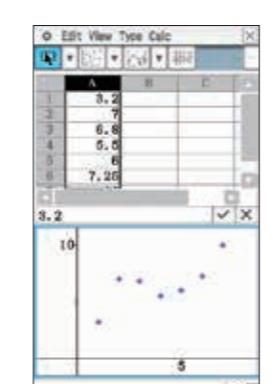

Area of inequality shading, grid lines, numbers on axes

$\int dx$ intersection

Spreadsheet application

Collected data can be organized and tabulated for analysis after statistical graphing is complete. Spreadsheet data also can be used in table calculations. In addition, the fx-CP400 supports the following functions: search, sort, data import from and export to lists, matrices, and variables, Cellif, and Histogram/Box-whisker graphing.

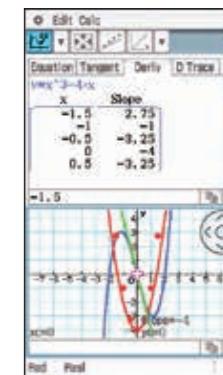

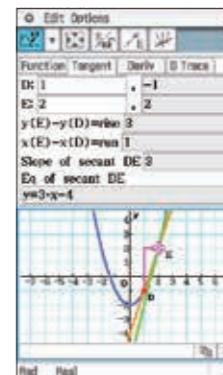

Geometry

Students can learn general theorems by drawing figures. Dropping a geometric figure into the Main application window will produce the numerical data for the figure. An Animation function enables students to move geometric figures drawn on the screen. The fx-CP400 supports drawing of conics using a focus.

Interactive Differential Calculus

Visual, intuitive operation makes it possible to learn the concept of hard-to-understand differentials.

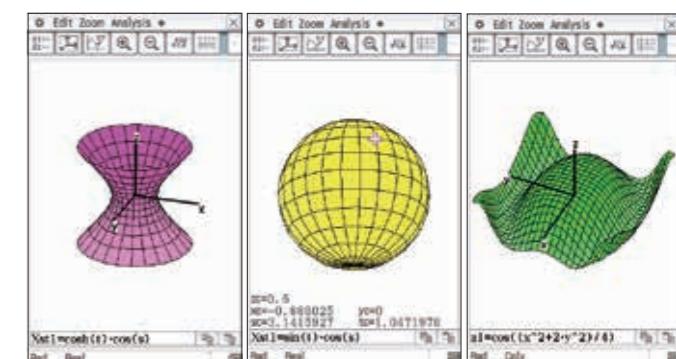

- Learn that the secant line approaches the tangent line by causing Point D of the secant line to approach Point E.
- Learn the concept of differential functions by linking the points that define the slope of a tangent line.

3D Graph application

The 3D Graph application lets you draw rectangular coordinate graphs ($z=f(x, y)$) and parametric function graphs ($xst=f(s, t)$, $yst=f(s, t)$, $zst=f(s, t)$).

The large color display facilitates understanding of hard-to-visualize 3D graphs.

E-CON3 Application

E-CON is an application used to operate a data logger, a device used to collect data. E-CON makes it easy to collect data for use in classroom science and technology lessons.

This feature is useful in science experiments.

Exam Mode

This mode enables a calculator to be quickly prepared for exams. It restricts access to memory, programs, functions, and applications so these features are not available during exams.

Please visit the website for details. ►
<https://edu.casio.com/products/cg/>

PROGRAMMABLE MODELS

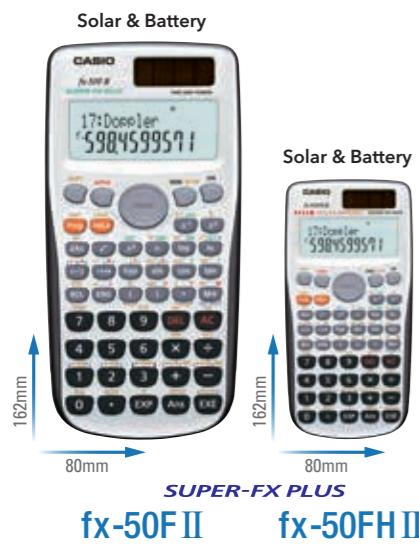

Versatile programmable calculators for every purpose from high school and university classes to professional applications

Natural Textbook Display, More Powerful Program Functions, 4-line Display

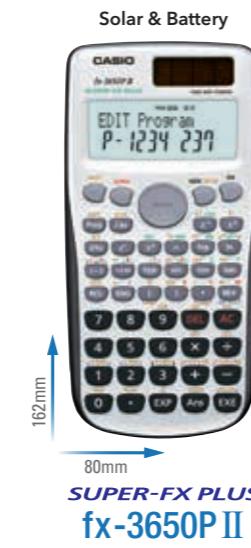

- Program functions • Matrix calculations
- Differential and integration • Recursions
- Solve function • Complex number calculations
- Base-n calculations
- Data transmission between two fx-5800P calculators
- 26 to 2398 variables • Fraction calculations
- 40 scientific constants • 128 built-in formulas
- Multi-replay function
- Statistics (List-based statistics, Standard deviation, Regression analysis)
- Integrated hard case swings back a full 360 degrees.

664 FUNCTIONS
28,500 bytes

FINANCIAL MODELS

Powerful, original Financial Consultant features take much of the work out of financial calculations!

- Plastic keys
- Comes with new slide-on hard case.
- Power supply:
FC-200V: Solar cell and a single G13 type button battery (LR44)
FC-100V: One AAA-size battery (R03)
- Approximate battery life:
FC-200V: 3 years (1 hour of operation per day)
FC-100V: 17,000 hours continuous display of flashing cursor
- Dimensions:
FC-200V: 12.2 (H) × 80 (W) × 161 (D) mm
FC-100V: 13.7 (H) × 80 (W) × 161 (D) mm
- Approximate weight: FC-200V: 105g; FC-100V: 110g

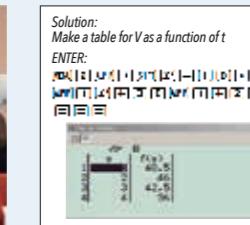

4-LINE DISPLAY
10+2 DIGITS DOT MATRIX Plastic Keys

Please visit the website for details. ► <https://edu.casio.com/products/financial/>

SOFTWARE / APP

Emulator and Manager <Subscription type>

Emulator and Manager are software programs that emulate the operation of scientific calculators, including graphing models. They enable teachers to prepare teaching materials (activities) and present them in the classroom using a projector (workshops).

Solution:
Make a table for V as a function of t

ENTER:
 $\text{For } i=1 \text{ To } 100 \text{ Do } \text{For } j=1 \text{ To } 100 \text{ Do }$

$\text{For } k=1 \text{ To } 100 \text{ Do }$

$\text{Print } i, j, k \text{ EndFor } k \text{ EndFor } j \text{ EndFor } i$

Algebra	Display format (FIX, SCI)																

Smooth Key Touch

Keys are ergonomically shaped and configured to match natural finger movements, which produces less stress to a user even when used for a long time.

Function Command Signs

The display characters are large, and the current operation sign (+, -, ×, ÷) is displayed, reducing misreading of numbers and input errors.

Three-key Rollover

Key operations are stored in a buffer, so that nothing is lost even during high-speed input.

OFFICE

We created practical calculators that combine assistance in tackling work tasks and beautiful design to suit your office.

Preset Tax: 5%

DS-3B 14 DIGITS

DS-2B 12 DIGITS

DS-1B 10 DIGITS

Unique Features – HEAVY DUTY Calculators

Durable Anti-fade Keys

28 keys, including numeric and arithmetic keys, are produced by injecting plastic of two different colors. Key markings are plastic, which means they do not wear or fade with use.

Silent Touch Keys

Keys are specially designed for silent operation when compared to previous CASIO calculators to help maintain a more pleasant working environment.

Non-slip Structure

Four large rubber feet on the bottom of the calculator keep it from slipping during operation.

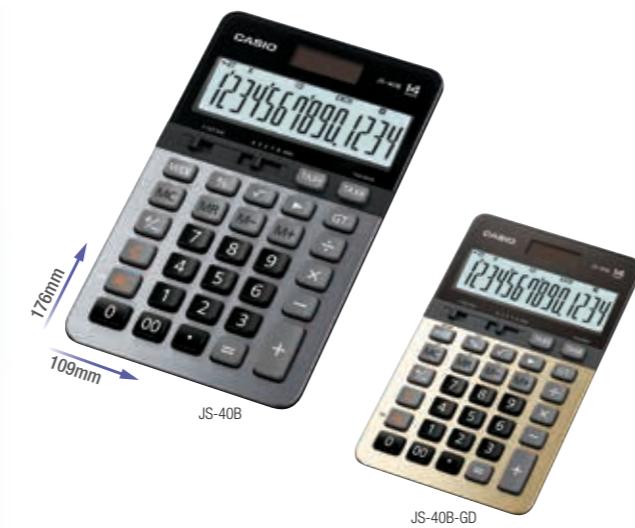

Solar & Battery

An internal battery powers the calculator to save calculations even if light is interrupted during a calculation.

HEAVY DUTY CALCULATORS

Compact Desk Type

JS-40B 14 DIGITS

Powerful Functions – Next-Generation Printing Calculators

Reprint function CASIO Only **REPRINT**

Print multiple copies of the calculation history without re-inputting data.

Print sample: DR Series

After Print function CASIO Only **REPRINT**

It is possible to print later even in print off mode.

Easy to use!

Clock/Calendar function TIME

Excluding DR-140R/DR-120R/HR-8RC

Print the time and date.

Print sample: DR-270R/DR-240R/DR-210R

Save time!

Change function CHANGE

DR Series only
Allows easy calculation of payment amount and change.

Save time!

Check function TIME

FR/HR Series only
View calculation history on the display without printing.

Save money!

*Based on CASIO information as of 2017

SHOP & FIELD

These calculators are the right size and have functions suitable for use in shops and field. For example, check calculators are indispensable for many countries in Asia and Middle-East.

Check Calculators

Recheck with sound assist
This function allows confirmation of errors by sound when checking calculations.

Water-Protected and Dust-Proof Calculators

Detachable & Washable keypad
The calculators can be kept clean, sanitary, and pleasant to use for many years.

Calculator for Warehouses

Remainder calculations
Rapidly calculates quotient and remainder.

Quotient Remainder

Unique Function – Check Calculators

300 Steps Check

Review and Auto Review Review up to 300 calculation steps (up to 150 steps for MJ-12Da only).

Example
Step 1 Step 2 Step 299 Step 300

STEP
REV **REVIEW** **Review!**
CHECK BACK **CHECK FORWARD**

AUTO REVIEW Auto review by pressing a single button!

CORRECT While reviewing a calculation, you can make changes in values and operators and re-execute to obtain a new result.

* The LCD examples are from a DJ-120D Plus.

Go to (Excluding MJ-120D Plus / MJ-100D Plus / MJ-12VCb / MJ-12Da)

GOTO Jump to a particular calculation step by pressing a single button.

WATER-PROTECTED AND DUST-PROOF CALCULATORS

* Complies with IEC 60529 IP54 (water protect and dust proof)

DESIGN

Form

COLORFUL

The rounding of the case includes the underside as well as the upper body, so users can hold it comfortably in their hand.

STYLISH

The slim body's sophisticated, sharp-edged design projects an active impression.

Keys

COLORFUL

The flat key shapes are artfully coordinated with the casually rounded case design.

STYLISH

The keys with their concave tops express a functional beauty that is artfully coordinated with the classy case design.

Font

COLORFUL

Large, thin-lined characters inscribed in a beautifully supple font and adjusted to the key top sizes project an informal impression.

STYLISH

One-step smaller characters inscribed with thicker lines than the Colorful calculator font create a more formal impression.

LABEL IT!

EZ-LABEL PRINTER

for PCs or mobile devices

KL-P350W

NEW

Printing speed of 20mm/sec
(twice the previous speed)*

* Compared to the CASIO KL-HD1, when using the AC adaptor.

Accepts 24mm tape

REPORTS 2025

It's possible to print labels in any language used on PCs or mobile devices.

- Accepts 24, 18, 12, 9 and 6mm tape widths
- 18mm print head / 200 dpi resolution
 - * When using Magnetic tape, print head is max. 16mm
- Auto cutter with half-cut function
- AC adaptor (included)

■ Convenient printer keys for one-touch printing

Memory print

One-touch printing of pre-registered label data is useful for printing frequently used labels.

Reprint

One-touch reprinting of the previously printed content is convenient when you want to replace an existing label.

■ KL-P350W Product Features

Fast, easy printing of labels useful for organizing and managing things

It's simple to print labels useful for a variety of applications, including filing, asset management, and attention notices. Insert QR Codes or barcodes.

Name	Label Printer	
Date	01-Apr-2025	
Section	Accounting Div.	

Estimates

Space-saving design for desktop use

Choose horizontal or vertical setup according to the space available. The compact printer is always available to create labels when needed.

Vertical

Horizontal

Flagship model

Printing speed of 20mm/sec
(twice the previous speed)*

* Compared to the CASIO KL-HD1, when using the AC adaptor.

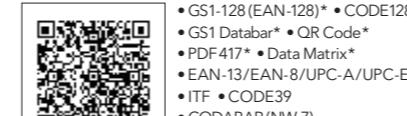

Accepts 24mm tape

■ 642 illustrations and symbols

■ Barcode printing

• GS1-128 (EAN-128)* • CODE128*

• GS1 Databar* • QR Code*

• PDF417* • Data Matrix*

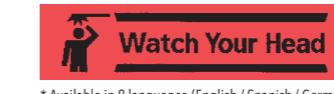

• EAN-13/EAN-8/UPC-A/UPC-E

• ITF • CODE39

• CODABAR (NW-7)

* Printing via PC connection only

■ 60 designed logos

* Available in 8 languages (English / Spanish / German / French / Italian / Swedish / Portuguese / Indonesian)

■ Auto cutter with half-cut function

Slits only the tape for easy removal from the backing paper.

* Continuous printing of up to 100 labels is possible.

■ Extended printing

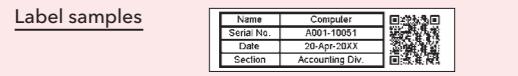

* 12 mm or wider tape (top and bottom margins occur with 18 and 24 mm tape)

LABEL DESIGN MAKER

Label Printing Software for KL-P350W and KL-G2

Simple operation for quick and easy label creation

Create original labels or print pre-designed labels simply by choosing from a wide variety of pre-loaded label samples.

Choosing labels by scene

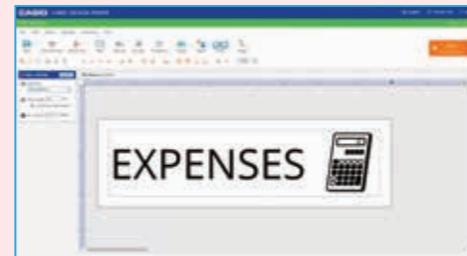

Label samples are searchable by setting.

- Factory • Office • Hospital
- School • Store • Construction

Freestyle creation

You can freely create original labels.

for PC / for Smartphone

Choosing labels by category

Samples are searchable by category.

- Equipment • Device Calibration
- Attention • Sign • SS campaign
- Trash separation • Documents
- Name tag • Power saving • Price tag

for PC / for Smartphone

PC system requirements

Operating system	Microsoft® Windows® 10 (64/32bit) / Windows® 8.1 (64/32bit) / Windows® 7 SP1 (64/32bit)	macOS® High Sierra (10.13) / macOS® Sierra (10.12) / Mac® OS X® El Capitan (10.11) / Mac® OS X® Yosemite (10.10)
Personal computer	PC/AT-compatible computer that satisfies the following conditions: • Pre-installed with one of the above operating systems • CPU recommended for the operating system in use • USB port installed as standard or compatible with wireless LAN IEEE 802.11b/g/n	• Pre-installed with one of the above operating systems • USB port installed as standard or compatible with wireless LAN IEEE 802.11b/g/n
Memory	At least 2 GB	Memory recommended for the operating system in use
Hard disk	At least 1 GB of free space	
Pointing device	Mouse or equivalent device compatible with the above operating systems	

Smartphone system requirements

Operating system	Android 5.0 or higher	iOS 10 or higher
------------------	-----------------------	------------------

* An Internet connection is required for certain functions, such as searching for samples.

* LABEL DESIGN MAKER is not compatible with Windows for smartphones or tablets.

* Comply with other system requirements recommended for the above operating systems.

* Certain equipment configurations may not support proper operation.

* Operation is not guaranteed on an operating system that has been upgraded or otherwise modified from the pre-installed state.

Compact and powerful

KL-130

- Easy-to-read, 12-digit, 1-line LCD
- Accepts 18, 12, 9 and 6mm tape widths
- 12mm print head / 200 dpi resolution
- Designed logo printing
- Barcode printing
- 534 built-in characters
- AC adaptor (sold separately)

8 installed fonts

Prints up to 3 lines (18 mm tape)

Barcode printing for your business

* Actual size

• EAN-13/EAN-8 • UPC-A/UPC-E
• ITF • CODE39 • CODABAR (NW-7)

Portable label printer

KL-HD1

- Accepts 18, 12, 9 and 6mm tape widths
- 12mm print head / 200 dpi resolution
- 8 languages

60 designed logos

Caution!

* Available in 8 languages (English / Spanish / German / French / Italian / Swedish / Portuguese / Indonesian)

Multifunctional model with excellent memory

KL-820

- Accepts 24, 18, 12, 9 and 6mm tape widths
- Barcode printing
- 6 languages
- AC adaptor (sold separately)

Prints up to 3 lines (24 or 18mm tape)

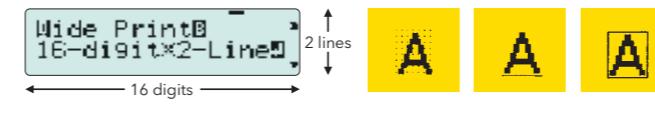

No. BCG-11342
Personnel Dept.
CASIO

Compact model that prints high-resolution labels

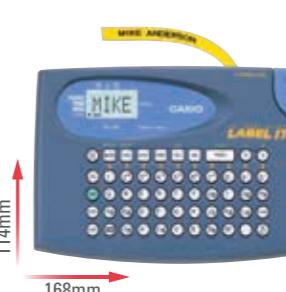

KL-120

- Accepts 18, 12, 9 and 6mm tape widths
- Print preview
- 5 languages

Affordable model

KL-60

- Accepts 12, 9 and 6mm tape widths
- Prints up to 2 lines (12 or 9mm tape)
- Battery life: 4 tape cartridges

A varied selection of label tapes for use almost anywhere.

High-Strength Adhesive Tape - No residue - Cover up

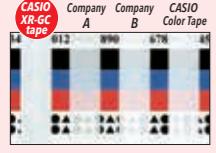

This tape uses a newly developed adhesive that is very strong and leaves no residue when labels are removed. When used for over-labeling, it covers up the surface.

Labels peel off cleanly.

Compared to other adhesives, this product doesn't leave any residue.

The tape covers the surface.

In an over-labeling comparison test, the new adhesive tape completely covers the surface.

*1 BLACK on SILVER not available in 6 mm width

Color Tape

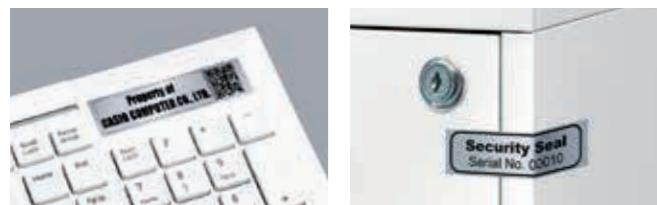

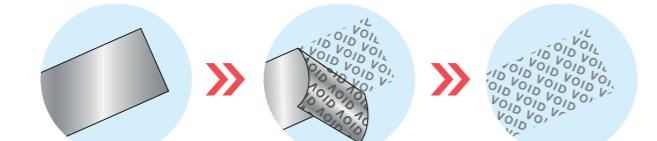

This standard labelling tape comes in a wide variety of colors. Using labels color-coded according to the objects to be labeled or their purpose makes it easy to organize and manage things.

Tamper-Evident Tape

This tape leaves the word "VOID" on the application surface when removed, making it possible to detect whether labels have been removed. It is effective for applications such as anti-tampering security and protection of confidential information.

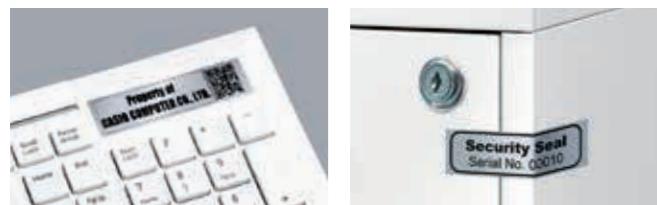

* If applied to hard-to-stick surfaces, VOID pattern might not be left sufficiently when the label is peeled off.

Tape for Oily Surfaces

This tape uses an adhesive that can absorb oil from the surface. Labels can be attached to surfaces contaminated with salad oil, lubricating oil, engine oil, anti-rust oil, or other types of oil or grease.

* If a surface is heavily covered with oil, the tape may not reach full adhesive power.

Cable Flexible Tape

This tape conforms to curved surfaces such as cables and bottles.

* Suitable for use with USB cables and other cables with connectors

*2 Φ(diameter) 5.0mm~Φ11.0mm *3 Φ2.5mm~Φ5.0mm

These fabric tubes shrink when heat is applied. Pass a cable through a tube and apply hot air using an industrial hot-air gun to shrink the tube to fit the cable.

* Suitable for use with conductor wire without connectors and other cables of smaller diameter than the tubes

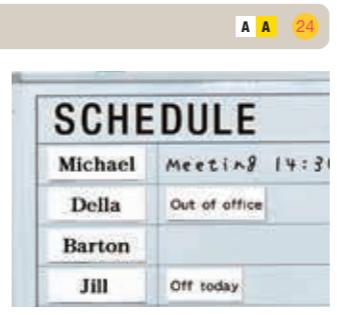

* Tubes shrink when hot air of from 90°C to 270°C is applied.

Magnetic Tape^{*4}

The back of the tape is magnetized, so labels can be attached to whiteboards, fridges, and other metallic surfaces.

*4 For use with model KL-G2 and KL-P350W

Fluorescent Tape

These fluorescent colored tapes are great for producing labels with high visual impact.

Paper Tape

This is affordable paper tape. The tape surface is coated to increase print permanence. * Use indoors away from direct sunlight.

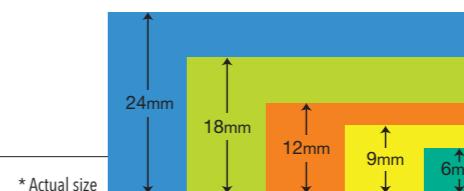

Iron-On Fabric Tape

This tape can be attached directly to fabrics using a clothes iron.

FUNCTION SYMBOLS

Scientific Calculator/Financial Consultant

763 FUNCTIONS 1,500 FUNCTIONS

Natural Textbook Display
Display expression same as textbook.

S-V.P.A.M. (Super Visually Perfect Algebraic Method)
All the features of the existing V.P.A.M. series plus a new 2-line display and a useful Replay function. All this helps to make mathematics easier to use and easier to understand than ever before.

STAT-data editor
Back-step viewing and editing of input data.

List based STAT-data editor
Viewing and editing of input data in list format, showing data groups (x-data, y-data, frequency) and surrounding data.

Multi-replay
Quick and easy recall of previously executed formulas for editing and re-execution.

10+2 DIGITS
10-digit mantissa + 2-digit exponential display.

ICON MENU
Specify the operation you want to perform by selecting an icon or inputting a number.

Dot matrix display
High-resolution screen provides beautiful looking every time.

Data communication with a personal computer
Allows data communication with a personal computer.

Plastic keys
Designed and engineered for easy operation.

Practical Calculator/Printing Calculator

COST SELL MAR	Cost/Sell/Margin	Rounding selector F: Floating decimals. CUT: Values are cut off. UP: Values are rounded up. 5/4: Values are rounded off.
TAX	Tax calculation	Decimal selector 4,3,2,1,0: Specifies the number of decimal places as 4,3,2,1,0. ADD2: 2 decimal places are assumed for entries and results of all addition and subtraction operations.
Currency Exchange	Currency exchange function	300 STEPS CHECK 150 STEPS CHECK Displays up to 300 or 150 previous calculation steps.
Super solar	Super solar	Recheck with sound assist Allows confirmation of errors by sound when checking calculations.
Remainder calculation	Remainder calculation	Localized number display Displays numbers in four digit separator formats (Type A, Type B, Type C, and Indian). Choice of a comma or period as the decimal point.
Key rollover	Time calculation	2-color printing Positive values are shown in black, and negative values are shown in red for easy checking.
Day Calcu.	Day calculation	Reprint function Printing of multiple copies of the calculation history.
Profit Margin percent	Profit margin percent	After print function Printing of the calculation history later even in print off mode.
UV-coated Keys	UV-coated durable keys	3.5 line-per-second printing The value indicates the number of lines printed per second.
Plastic keys	Plastic keys	Clock & Calendar function Printing of the current time and date.
Metal Faceplate	Metal faceplate	Line printing Line printing for higher speed, superior print quality, and quieter operation.
